

“Gratitude makes sense of our past, brings peace for today, and creates a vision for tomorrow.” —Melody Beattie

Growth *and* Gratitude

We recently adopted a new, shortened name, IWS Family Health, to sum up our past, present, and future, and to better reflect our spectrum of health services that is offered not just to infants and children but to whole families. IWS Family Health encompasses our family-focused, whole-person approach to care and reflects how we've grown and will continue to grow. Legally, we are still the Infant Welfare Society of Chicago, an organization rooted in our legacy. We remain deeply committed to our mission of providing a continuum of integrated, quality, and preventive healthcare services to children and families, enabling them to lead healthy and productive lives.
